

30 YEARS OF BUSINESS SINCE 1987

QUALITY, SAFETY,
COMPLIANCE AND SKILLED
LABOUR ARE VITAL IN THE OIL
& GAS INDUSTRY. SDS HAS
THE EXPERTISE, INTEGRITY
AND PASSION TO PROVIDE
ITS CLIENTS WITH TIMELY
SOLUTIONS.

SDS IS BASED IN CALGARY AND PROVIDES CONSULTANTS THAT ARE HIGHLY SKILLED AND HAVE THE QUALIFICATIONS AND EXPERIENCE YOU NEED.

SDS is dedicated to earning the trust of each client by providing the right consultants. SDS first seeks to fully understand each client's needs and then works with each client to find the right team members based on skill, experience, and personality. SDS has systemized this process into a quality management system that is registered to the latest ISO 9001:2015 standard. This allows the SDS management team to go the extra mile and to provide the right consultant on time and on budget.

SDS is committed to building long-term relationships with clients and consultants. As a result of this commitment, over 30 companies in the oil & gas industry have long standing relationships and supply agreements with SDS. Other service providers may focus on filling orders, but SDS focuses on finding the right consultant to get the job done.

SDS HAS A LARGE TALENT POOL OF QUALIFIED CONSULTANTS FOR THE OIL & GAS INDUSTRY INCLUDING BUT NOT LIMITED TO:

- Drilling & Completion Wellsite Supervisors
- Pipeline Inspectors & Auditors
- QA / QC Professionals
- Health, Safety & Environment Professionals
- Project Managers

WHY HIRE SDS AS YOUR CONTRACT LABOUR PROVIDER:

FLEXIBILITY: Contract labour gives an organization agility to meet business needs quickly and effectively. Contract labour can be utilized to respond quickly to varying regulatory requirements. This advantage allows organizations to keep staff headcount and budgets minimized during slow periods and provide the ability to rapidly ramp up when demand escalates.

COST SAVINGS: Fully loaded labour rates include costs associated with vacation pay, benefits, training, sick days and potentially severance. The disadvantage of full-time employees is the financial burden of year-round compensation including the slow season. The use of contracted labour can avoid many of these costs.

PRODUCTIVITY: Contractors are trained, competent professionals that are ready to hit the ground running. SDS has already recruited and screened these individuals which can save you time, money and productivity.

EXPERIENCE: SDS has 30+ years of experience in providing consulting services to the oil and gas industry in Canada and internationally. SDS maintains compliance with ISNetwork, Avetta, ComplyWorks, ISO 9001:2015 and has achieved its Certificate of Recognition (COR). SDS is a proven, reliable resource for consulting services and contract labour with a management team of over 80 years of experience.

OVER THE PAST DECADE, SDS HAS PROVIDED ONGOING SERVICES AND
CONTRACT LABOUR FOR MANY LARGE OIL & GAS COMPANIES INCLUDING:
